

SCRUBS HAND CLEANING TOWELS

PRODUCT DESCRIPTION:

Very effective hand and parts cleaning system that can be used anywhere. Removes the toughest dirt such as grease, oil, glue, tar, wax, soot, paint, ink, sealants, polyurethane (PU), etc. quickly, thoroughly and gently without water. After hand cleaning, the cloths still have enough cleaning power for the effective cleaning of tools and equipment.

The cloths are soaked in a special cleaning solution. The napped side made of non-woven polymer layers cleans heavy dirt without scratching surfaces. The soft side allows hands to be gently cleaned. The cleaning solution has a regreasing effect and dries quickly.

The individual cloths are micro-perforated so that they can be easily removed. The cleaning cloths offer absolutely thorough, gentle and caring cleaning for every task at every workplace without leaving any residue.

PRODUCT ADVANTAGES:

- Durable cleaning cloth for every occasion
- Dissolves and absorbs dirt in seconds
- Cleans thoroughly and completely in one go
- The unique material keeps the dirt in the cloth
- Protects hands and makes them supple
- Refill pack available

APPLICATION:

The individual cloths are micro-perforated, which ensures that they can be easily removed from the dispenser. Use the cloth to rub your hands or the surface to be cleaned. If the cloth is very dirty, repeat the process.
