

Performance you can trust

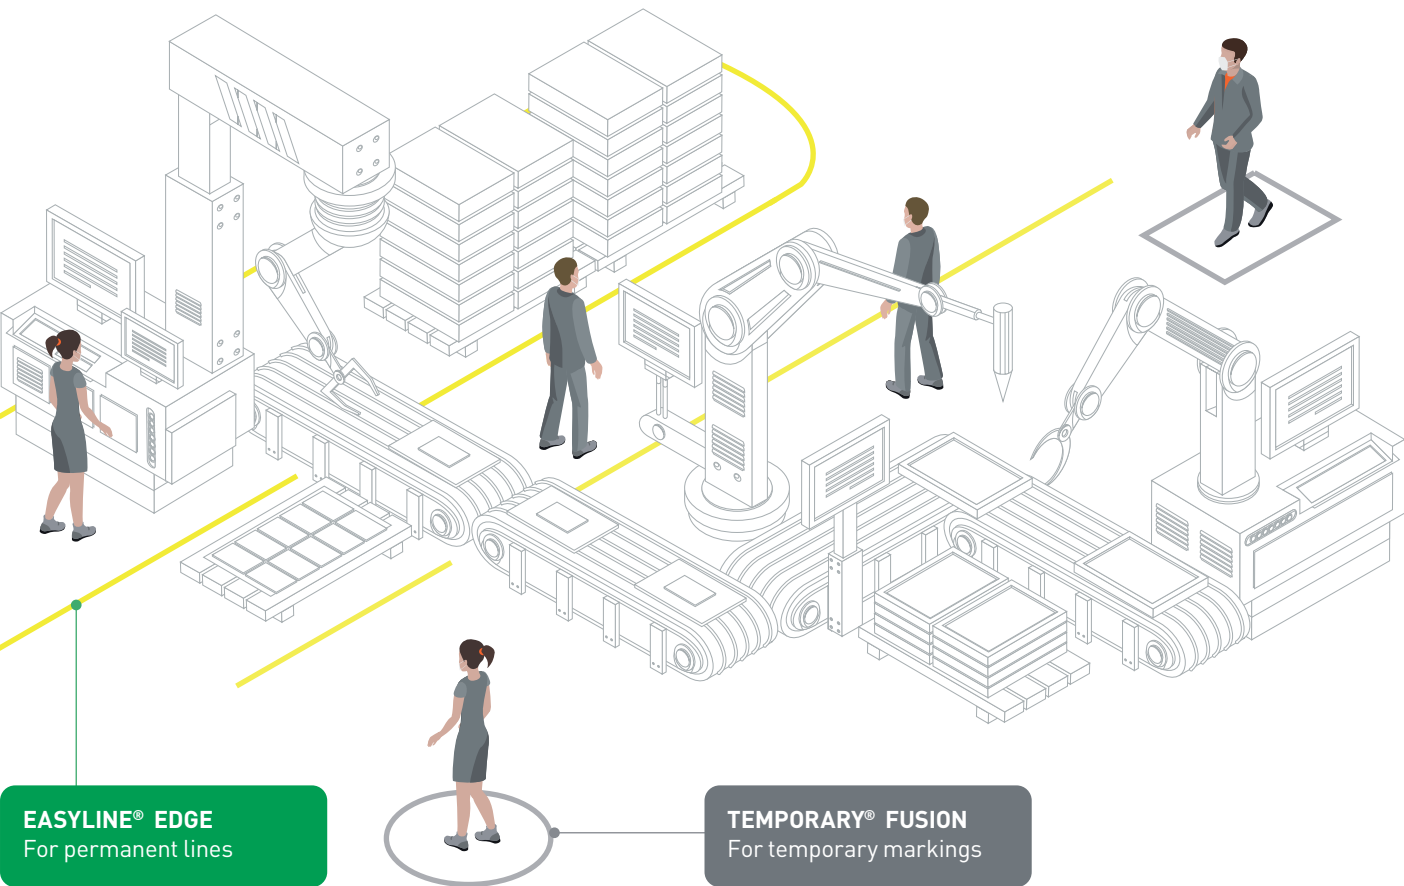

# EASY MARKING SOLUTIONS FROM ROCOL®

Our EASYLINE® EDGE line marking system and TEMPORARY™ fusion spot marking paint will make marking out safe zones a simple task that you can do yourself, quickly and effectively.

# Permanent solution

## EASYLINE® EDGE line marking system

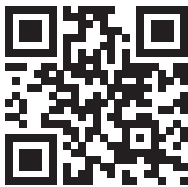

The EASYLINE EDGE line marking system is a quick and cost effective solution to mark out new permanent walkways and areas within your business.

Not only can you mark out lines quickly but it is essentially a DIY piece of kit. There is no need to bring in external contractors and therefore minimising the amount of people that your workforce would come into close contact with.

- ▶ Reduces downtime – dries in 10 mins and traffic ready in 30 mins\*
- ▶ Reduces costs – no need to employ contractors
- ▶ High quality paint creates longer lasting lines
- ▶ Resistant to most general chemicals and cleaning products e.g. petrol, diesel, floor cleaning fluids, de-icer, etc.

| COVERAGE   |                |
|------------|----------------|
| LINE WIDTH | METRES PER CAN |
| 50mm       | up to 100      |
| 75mm       | up to 75       |
| 100mm      | up to 55       |

| COLOUR   | EASYLINE EDGE AEROSOL PAINT 750ml | CODE  |
|----------|-----------------------------------|-------|
| RAL 9016 | WHITE                             | 47000 |
| RAL 1023 | YELLOW                            | 47001 |
| RAL 3020 | RED                               | 47002 |
| RAL 5017 | BLUE                              | 47003 |
| RAL 6024 | GREEN                             | 47004 |
| RAL 2009 | ORANGE                            | 47005 |
| RAL 9017 | BLACK                             | 47006 |
| RAL 7038 | GREY                              | 47007 |
| -        | FLUORO YELLOW                     | 47009 |

\* In accordance with ASTM D711. Paint applicator shown available from June 2020

# Temporary solutions

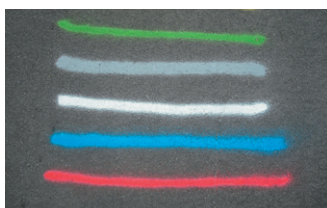

## TEMPORARY™ fusion paint

TEMPORARY fusion spot marking paints are a quick and cost effective solution to mark out new temporary areas on a variety of surfaces.

You can mark out lines and quickly have people walking in the same area due to the fast drying time. Plus, if you need to remove or remark the lines in a different way, you can simply wash the paint away with water and a stiff brush.

- ▶ Over 100% more paint than similar spot markers
- ▶ Patented clog-free spray through cap
- ▶ Not harmful to the environment or to aquatic life
- ▶ Removable with water and a stiff brush
- ▶ One pass system and more durable markings

| COLOUR | SIZE  | CODE  |
|--------|-------|-------|
| Yellow | 750ml | 44031 |
| Grey   | 750ml | 44035 |

\* TEMPORARY™ Fusion is a temporary paint that will be removed when washed with water during regular cleaning procedures.

## The most effective waterless hand cleaning wipe In the world

The citrus-based formula combined with a tough, textured towel to loosen, dissolve and absorb dirt and grease leaving your hands truly clean.

### SCRUBS® wipes:

- ▶ work fast to loosen, dissolve & absorb dirt, oil, grease, tar, inks, dyes, paints, epoxies, sealant, urethanes and adhesives
- ▶ textured on one side for heavy duty cleaning.
- ▶ will not transfer soil back onto hands.
- ▶ quick and easy one step cleaning process.
- ▶ remove the heaviest of contaminants whilst a conditioner remains to be rubbed in to condition and soften the hands.
- ▶ supplied in tough, durable, buckets that are light & portable.

| SIZE     | PART CODE |
|----------|-----------|
